1862. "Here let the press the people's rights maintain,

THE DAILY AND WEEKLY STATE SERVINEL are the recognized organs of the Democracy of Indiana. As it has in the past, the Syxusut will continue to advocate those principles and measures which are best calculated to advance the happiness, the prosperity and the freedom of the people from all unjust and unnecessary restraints. While cheerfully sustaining the Government as loyal citizens should, the Sextern. will vigilantly watch all en-creachments upon popular rights and the true principles of constitutional liberty. The freedom of speech and the freedom of the press are necessary to preserve and secure free institutions. When these are struck down, no matter what may be the apology therefor, from that day dates the decline of American liberty. In order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare and secure the blessings of liberty to our seives and posterity, the Sastinga will fearlessly serntinize and approve or condemn, as it believes the public good requires, all measures of the State and National Administrations. It will ever keep in view the distinction between supporting the Government and the venal acts of those who represent the Government. And we appeal for the support of all who desire to maintain a pure Constitutional Government, and continue for ourselves and our pos terity the glorious heritage of free institutions, won by the valor and framed by the wisdom and integrity of the men who pledged their lives, their fortunes and their sacred honors for liberty and independence.

For the purpose of extending the circulation of the Daily and Weekly INDIANA STATE SENTINEL, its proprietors solicit every Democrat, every friend of sound and conserv ative National principles to aid them in that object. It is needless to urge the importance of the press as an agency

in sustaining a party organization and securing the suc-cess of its Principles, and Representative Men. The Sex-TISEL will take for its political guide the National and State Democratic Platforms and earnestly advocate the principles and policy they maintain.
